## **EFWTrack**

WRAP is . . . The Wellness Recovery Action Plan ® or WRAP ®, is a self-designed prevention and wellness process that anyone can use to get well, stay well and make their life the way they want it to be. It was developed in 1997 by a group of people who were searching for ways to overcome their own mental health issues and move on to fulfilling their life dreams and goals.

## **WRAP is . . . | Mental Health Recovery**

The relative cost per tonne to build and operate a large EfW facility ~300,000 tonnes per year will be much cheaper than a smaller facility. This is evident in WRAP's recently published 2017 annual gate fee report, which shows a huge range of £50 to £144 per tonne for post-2000 EfW facilities.
