If one existed, I suppose it would have 15" woofers. I have the Sansui full color brochures for the 700 and 800. The most available Sansui speakers are the SP series. Like the SP-3500 and such. I've never heard them but some say they like them. Most of the Sansui speakers are not thought well of. That's why if you do find a pair of the L700 or ...

I used to have a Sansui amp, which my dad passed on to me - it was a beauty. I also until fairly recently had a Sansui turntable - one of their top 1970s models, fully automatic, with separate motors for belt drive and auto tonearm. It was a great TT, even had facility for remote control (with cable).
